Problem Statement

The Challenge - A Travel Planner Agent is an AI-powered assistant that helps users plan trips efficiently and intelligently. It uses real-time data to suggest destinations, build itineraries, and recommend transport and accommodation options. By understanding user preferences, budgets, and constraints, it tailors personalized travel plans. Integrated with maps, weather updates, and local guides, it ensures a smooth travel experience. The agent can also manage bookings, alert users to changes, and optimize schedules on the go. This smart assistant transforms complex travel planning into a seamless, enjoyable process.

Proposed Solution

An AI Agent powered by Retrieval-Augmented Generation (RAG), using IBM Cloud & Granite, to answer user queries, guide financial decisions, and educate people on secure digital finance

TECHNOLOGY USED

- IBM Cloud Lite Services
- IBM Watsonx AI Studio
- IBM Granite Foundation Model
- Retrieval-Augmented Generation (RAG)
- Natural Language Processing (NLP)
- Multilingual Support
- Secure API Integrations with Govt/Bank portals

IBM CLOUD SERVICES USED

- IBM Cloud Watsonx AI Studio
- IBM Cloud Watsonx AI runtime
- IBM Cloud Agent Lab
- IBM Granite foundation model

End Users

1. Individual Travelers
2. Working Professionals
3. Senior Citizens
4. Travel Agencies and Agents
5. Foreign Tourists

PM You: 08:42 PM

give me travel plan to travel from mumbai to pune with budget

watsonx Agent 08:42 PM

The final answer to the user's question "How much does it cost to travel to and fro from Mumbai to Pune?" is:

The cost of traveling from Mumbai to Pune can vary depending on the mode of transportation and the time of booking. However, based on the search results, here are some approximate costs:

- By car: The cost of fuel for a round trip from Mumbai to Pune can range from ₹2,000 to ₹5,000, depending on the type of car and the number of passengers.
- By bus: The cost of a one-way bus ticket from Mumbai to Pune can range from ₹500 to ₹1,500, depending on the bus operator and the type of bus.
- By train: The cost of a one-way train ticket from Mumbai to Pune can range from ₹500 to ₹2,000, depending on the class of travel and the type of train.
- By flight: The cost of a one-way flight ticket from Mumbai to Pune can range from ₹2,000 to ₹5,000, depending on the airline and the time of booking.

It's always a good idea to compare prices and book in advance to get the best deals. Additionally, it's worth considering the cost of accommodation, food, and other expenses when planning a trip from Mumbai to Pune.

PM

You: 08:43 PM

1 day travel plan at raigad

watsonx Agent 08:43 PM

Here's a 1-day travel plan for Raigad:

1. Start early in the morning and head to Raigad Fort, which is located about 25 km from Mahad.

2. Take a guided tour of the fort and explore its historic significance and architecture.

3. After visiting the fort, head to the Phansad Wildlife Sanctuary, which is home to a variety of flora and fauna.

4. In the evening, visit the Kondhane Buddhist Caves, which are a series of ancient caves that date back to the 1st century BC.

5. End the day with a relaxing stay at a hotel or resort in Raigad or nearby Mahad.

This plan provides a good balance of history, culture, and nature, and can be customized based on individual preferences and interests.

Day 3: South Goa
• Visit the beaches of South Goa, such as Palolem and Agonda
• Explore the local villages and try some water sports
• Enjoy a relaxing evening on the beach
Day 4: Dudhsagar Waterfalls and Spice Plantations
• Visit the Dudhsagar Waterfalls, one of the tallest waterfalls in India
• Explore the spice plantations and learn about the local flora and fauna
• Enjoy a traditional Goan lunch
Day 5: Departure
• Spend the morning relaxing on the beach or exploring the local markets
• Depart for the airport and head back home
This is just one example of a 5-day itinerary for Goa, and you can customize it based on your interests and preferences. Enjoy your trip to Goa!

Conclusion

- Built on IBM Cloud Lite, integrated with Granite LLM and RAG architecture, the agent sources updated, trustworthy data from travel portals, tourism boards, and booking services.
- Suggests cost-effective and optimized travel itineraries
- Helps compare transportation and accommodation options
- Offers weather, visa, and safety information
- Enhances decision-making through alerts and personalized recommendations

Future scope

- Generate AI-powered travel summaries and cost reports to help users analyze and optimize their trips
 - Expand into local tourism, eco-tourism, and international travel assistance
 - Collaborate with transport services, hotel chains, and tourism boards to offer real-time, personalized
